Sir:

In accordance with 37 C.F.R. §§ 1.56, 1.97, and 1.98, Applicants respectfully request consideration of the references listed on the attached Form PTO/SB/08A. Each of the references on the attached list was considered on the record and was printed on the cover page of one or both of U.S. Patent Nos. 5,792,573, and 5,553,675, each of which issued from parent applications of the present reissue application. Copies of these references are not being submitted herewith as per the Examiner's instructions in the Office Action mailed August 16, 2002.

With regard to the non-patent literature listed on the PTO/SB/08A, the Examiner is reminded that certain admissions concerning whether some of these references constitute prior art or describe prior art devices were made by the Applicants in the parent applications. The Examiner's attention is directed to the Information Disclosure Statements, Responses to Office Actions, and other papers filed in the parent applications where those admissions were made.

Applicants respectfully request that the Examiner consider the references cited on the attached PTO/SB/08A and that the Examiner indicate that the references have been considered in this application by returning a copy of the PTO/SB/08A with the Examiner's initials in the left column, per MPEP § 609. Applicants also respectfully request that the Examiner consider all of the prior art and admissions that were presented and made of record in the Applicants' parent applications, per MPEP § 2001.06(b).

It is believed that no fees are required in connection herewith because each of these references was considered in the parent applications. If any fees are due, authorization is hereby granted to charge the fees to the undersigned's deposit account no. 50-0206.

Respectfully submitted,

HUNTON & WILLIAMS
